INNOVATIVE SOLUTION

HYGIENE UNDER CONTROL

NO RIM – NO BACTERIA

Rimfree® is an innovative solution that simplifies cleaning.

New Rimfree® wall hung pans available in Traffic, Style and Nova Pro series are specially designed without an inner rim. Thus, there is no place for dirt and bacteria. Rimfree® is a special solution that meets extraordinary demands for hygiene in hospitals and healthcare centres. Now this option can be present in every home – for all those who appreciate hygiene and cleanliness.

No need to use aggressive cleaners just a simple cleaning cloth for everyday maintenance.

Wall hung pan without an inner rim always looks clean and aesthetically pleasing

Flushing system that washes the entire pan effectively and keeps it perfectly clean.

STANDARD WALL HUNG PAN PROFILE Here you can find dirt and bacteria.

RIMFREE® WALL HUNG PAN PROFILE No place for bacteria.

AQUAECO Flushing Solutions

- **More space:** Since concealed cisterns are built into the wall, they free up a considerable amount of bathroom space that would otherwise have been taken up by the cistern.
- **State-of-the-art technology and durability:** the AQUAECO range of concealed cisterns boasts high-tech working parts to ensure trouble-free operation. All cisterns are WRAS tested and approved.
- **Design freedom:** Homeowners and designers can pair their choice of actuator or flush plate and wall-hung or floor-standing toilet pan to perfectly complement their bathroom's particular style and design.
- **Easy to clean and hygienic:** Concealed cisterns and wall-hung WC pans provide the ideal easy-to-clean and optimum hygiene solution – no obstacles to clean around or cisterns to clean under.
- **Good for the environment:** All AQUAECO cisterns contain a dual-flush mechanism, helping to reduce running costs by saving water – using as little as two litres of water for a half flush.
- **Noise reduction:** Since the cistern is built into the wall, any noise created by the process of flushing is significantly reduced, making this an ideal solution for en-suite bathrooms. This is also a key in any hospitality requirement.
- **Strength:** All AQUAECO cistern frames are designed and built to support up to 400 kg in weight.
- **Warranty:** All AQUAECO cisterns come with an impressive 10 year warranty.

Anti-Scald Device for Shower
Thermostatic Temperature Detector
Automatically Closes when Water
Temperature Exceeds 48°C
Available in Chrome & Brushed Nickel
AQP-ECO-580-

ANTI-SCALD DEVICE

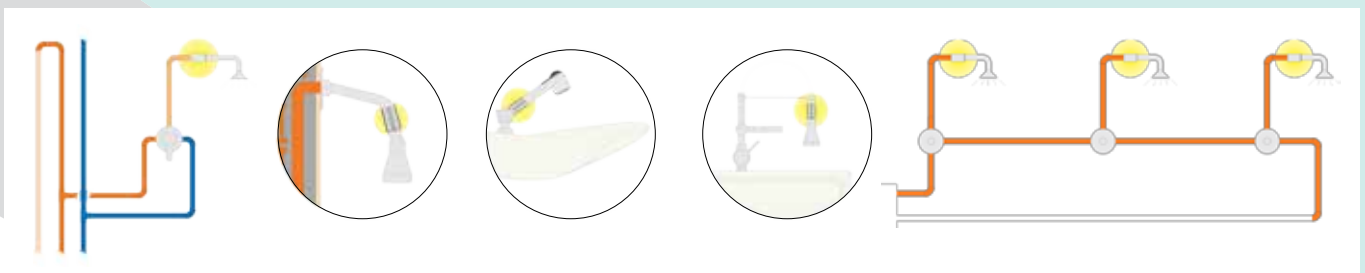

The AQUAECO Anti-scald device will maintain a safe temperature of hot water from your appliances, a must for young children, the elderly and those requiring care.

By installing this device, the risk of scalding will greatly be reduced due to the automatic temperature detection ensuring that when the water becomes too hot, the flow of water will stop.

After reaching a safe temperature the device will re-activate.

APPLICATIONS :-

- Thermostatic temperature detector
- Chrome Brass body
- Water flow is blocked if temperature goes above 48°C
- Self reactivation when the temperature decreases

FINISHES:

(CP) Chrome

(NB) Brushed
Nickel

Pressure Limiter
Limits the Downstream Pressure to One bar
Ideal for Shower Hoses/Heads and Bidet Sprays
Available in All Finishes
AQP-ECO-590-

PRESSURE LIMITER APPLICATIONS

Shower heads/ handles

- Protection against excess pressure load due to clogged nozzles or high line pressure

Shattaf Application

- Protection against overpressure and water hammer
- May ease operation

Other Applications

The fastest, most hygienic hand dryers

The new Dyson Airblade™ hand dryers are powered by the latest Dyson digital motor. Its small size and power density are what have made our latest hand dryer technology possible.

dyson airblade dB

The fastest, most hygienic hand dryer.

- 10 second dry time.
- HEPA filter captures 99.9% of particles the size of bacteria.
- Tested and certified by NSF.
- Certified for use in food environments by HACCP International.
- Tough and durable. Robust, vandal-proof design.
- Touch-free operation.
- Contains antibacterial additive.

dyson airblade V

The most hygienic hand dryer is now 35% quieter.

- Certified by Quiet Mark.
- HEPA filters capture 99.9% of particles the size of bacteria.
- Tested and certified by NSF.
- 12 second dry time.
- Costs just \$31 to run per year.
- Slim profile – just 10 centimetres deep, no recessing required.
- Touch-free operation.
- Contains antibacterial additive.

dyson airblade tap

Airblade™ hand drying technology in a tap.

- Wash and dry hands at the sink, prevents water dripping on the floor.
- 12 second dry time.
- HEPA filter captures 99.9% of particles the size of bacteria.
- Tested and certified by NSF.
- Certified for use in food environments by HACCP International.
- Touch-free operation.
- Quick to clean.
