Decadent Elegance

The **BLOOMSBURY** collection represents an era of elegance and style, from a period when London, and the area of Bloomsbury in particular, was the creative centre of the world, hosting great artists, writers and the best parties.

With this collection, we have combined the greatest designs of the era with traditional craftsmanship and the latest production techniques.

BLOOMSBURY represents a fusion of English design and culture with the best in Italian technology and creativity. All our sanitaryware has **CE** approvals and our furniture is made from the finest marine ply with rich ebony veneer.

Our luxury brassware integrates the best of twenty first century ceramic disc technology whilst preserving the much-loved feel of mid twentieth century London – a time when the city was swinging to the sounds of the world's best jazz artistes.

The Harrington wash basin evokes an era of classic elegance and can be installed with a beautiful solid brass console stand or traditional classic ceramic legs.

The Somerset basin is produced from re-constituted marble which is ground and re-formed to be non-permeable.

The touch and feel is smooth and natural, with soft colour tones for a relaxing feel.

We recommend mounting on a solid piece of marble and our English handcrafted console frame to give the look of true elegance.

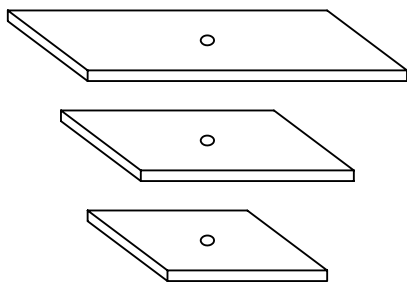

Alternatively our ceramic San Moritz basin can be used to achieve a more art deco styling.

As the trend for vintage styling continues to grow, the Brubeck collection of brassware, boasts clean classic lines and follows the trends of the late 1950's grace and elegance. Hugely popular at a time when American style famously invaded London, Brubeck was renowned for interweaving jazz and classical music to produce a more sophisticated smoother modern jazz sound. This bares resemblance to the timeless, retro-styled Brubeck range of mixers by BAGNODESIGN, the perfect combination of vintage inspiration and modern, functional design.

Bloomsbury's Ellington collection evokes a period of classical styling with its stunning range of taps, showers and antique-style mirrors to complement any bathroom space. The mixers provide instant glamour with luxuriously clean lines and a choice of four gleaming finishes. Ellington's classic design is elegant in its simplicity and works with many different fixtures.

Bloomsbury shower valves, fusing classical elegance with contemporary design and functionality, compliment the range beautifully.
