BAGNODESIGN

LONDON

Our latest Kitchen Solutions brochure features a number of new undermount stainless steel **BAGNODESIGN** kitchen sinks in a variety of shapes and sizes to suit any style and size of kitchen. With new taps in the all-time favourite chrome and brushed nickel finishes as well as a number of options in the more unusual matt black and white finishes the design options are endless.

With a comprehensive range of hard-wearing granite sinks in varying styles, sizes and colours with a complementary accessory pack that includes cutting boards, colanders and dish drainers **BAGNODESIGN** gives a variety of options for any style kitchen. In addition the **BAGNODESIGN** single and double Farmhouse sinks ensure even the most traditional of kitchens is catered to in this collection.

All of our kitchen mixers come with water saving options, reducing flow rates without hampering performance. The new **BAGNODESIGN** kitchen taps are carefully chosen to complement the clean lines of our kitchen sinks while performing with the utmost reliability. We promise to transform your "boring" kitchen tap into a stunning centrepiece.
