

BAGNODESIGN
LONDON

M-LINE

M-LINE

For flexibility of design, **BAGNODESIGN** have introduced multiple new finishes to the M-line brassware range which can now be specified in a choice of chrome, brushed nickel, matt black, matt white and polished copper.

Featuring an elegant design, the range includes mono basin mixers in standard and extended heights, plus a ceiling mounted basin spout and concealed basin mixer, ensuring that there is a brassware solution for all types of washbasins.

The perfect match to the basin and bath mixers can be found in the M-Line showering range, which includes concealed mixers and exposed thermostatic mixers which combine form with function. Offering a powerful showering performance with the latest on-trend statement brassware, the collection is completed with a round slim-line shower head and a shower column with thermostatic mixer.

As the perfect complement **BAGNODESIGN** have introduced their Options Round accessory range which along with shower heads, slide rails sets, bathroom wastes and traps are all available in full range of special finishes to ensure a co-ordinated design throughout.

Recommended Bottle Trap for Wall Mounted Vanity Units BDP-TRP-120-VH

The M-Line range of furniture from **BAGNODESIGN** is stylish and modern, featuring wall hung vanity units in a beautiful dark ash finish complete with pull out drawers offering clever space saving solutions for today's busy bathroom environment.

The option to mix and match the various sized furniture units within the collection allows you to design a vanity unit to suit any bathroom layout from the smallest measuring 60 centimetres to the largest at 1.8 metres. These versatile units feature either single or double basins and combined with the other items in the collection make for a stunning bathroom space which is effortlessly coordinated.
